NEW

Architecture, fashion and lifestyle trends all play a role in the evolution of interior spaces – a cross-pollination of design styles and references which influences the way we live. The creation of hybrid spaces is yet another way of communicating our personality and beliefs to those around us.

GROHE Quadra

Featuring an ergonomically loop-shaped lever, the streamlined profile of Quadra makes a bold iconic statement. A fully-integrated mousseur maintains the purity of the design, delivering comfort to the user and clarity to the bathing space. Soft radii reflect the move towards products that adhere to a Minimalist aesthetic, bringing a human element to their design and the spaces in which they are used.

GROHE SilkMove® technology, for precise control over water temperature and flow, enhances the ergonomic design of Quadra's loop handle. The choice of three basin faucets is supplemented by bath and shower mixers – all finished with **GROHE StarLight®**, our refined chrome surface – accentuating the continuity of design throughout the space.
