Veris™

NEW

Sleek, Sensual, and Inspiring

The Veris collection effortlessly merges style with function in a flawless execution of the GROHE design concept of Sensual Minimalism. By adding emotional value to simplicity of form, this fresh take on modern design transforms minimalism into a smooth, fluid experience that subtly invites human interaction.

The Veris collection leaves nothing to be desired. Its ribbon-style spout (optimally set at seven degrees) blends into a cylindrical body for a flowing transition that effortlessly merges with Veris' signature lozenge-shaped lever to create a truly unique profile. Available as the lozenge single lever faucet or as a two-handle faucet, Veris offers a full range of eye-catching bath products to inspire the imagination. All products feature solid metal handles or levers and are available in the brilliant, GROHE StarLight® chrome finish.

Performance Features:

GROHE SilkMove®

The smooth, precise action of GROHE SilkMove® ceramic cartridge technology for lifelong, effortless water control

GROHE Whisper®

GROHE Whisper® Technology – you won't hear anything but the water hitting the bottom of the sink

GROHE StarLight®

GROHE StarLight® Technology – for a deep, lustrous long lasting chrome finish

Signature elements

"Signature elements" is visual DNA – a design language unique to GROHE.

- Perfect rings give rise to the cylindrical form from which our faucets are born.
- Seven degrees is the angle at which the spout is pitched. This subtle incline enhances the user experience and facilitates interaction with our products.
- Lozenge shapes visually interpret the GROHE Sensual Minimalism philosophy, humanizing the core values of minimalism with their tactile appeal.
